

EMANG BASADI BA MOCOCE AGRICULTURAL PROJECT

Emang Basadi Ba Mococe Agricultural Project is a non-profit organization based in Modimola Village under the Mafikeng Local Municipality. The project focuses on developing food crops farming to create employment opportunities, secure food security and empower women.

Community members including women and the youth are trained on fruits and vegetable production. The project addresses local economic developmental issues, and aims to improve production capacity, increasing access to opportunities, promote efficient use and conservation of land, and also develop community-based projects.

There is great participation from stakeholders namely; the Department of Agriculture, the Department of Education, the Department of Water Affairs and Forestry, Food and Trees for Africa, and Modimola Agricultural Farm.

Project Objectives

Allow vulnerable members of the Modimola community to enjoy a balanced nutrition and improved quality of life

Immediate Objective

A sustainable fresh organic vegetable garden providing a regular supply
