

RAMOSADI PRIMARY SCHOOL GARDENING DEVELOPMENT

Ramosadi Primary School Gardening Development Project is a community-based organization located in Montshioa Township under the Ngaka Modiri Molema Municipality.

The project focuses on environmental issues, gardening, sports, arts and culture, lifeskills, and HIV/AIDS.

The primary target market of the project is; schools, unemployed and employed individuals who lack any of the services offered by the organization.

Community members and school learners are trained on environmental education therefore enabling them to produce food gardens and protect the environment.

Overall Objective

Improved water supply to the food garden, and livelihoods of the communities

Long-Term Objective

Selling vegetables

Immediate Objective

Repair electric water pump and stand;
Install jojo tank;
Connection of irrigation system ;
purchasing of tools;
Land preparation and planting of vegetables.
